THARUN K

EDUCATION

B.E (CSE) – Sri Eshwar College of Engineering | CGPA : 7.83 (up to 3rd Sem)

2023-2027

HSC – L.H.S.School | 80.47%

2022-2023

SSLC – L.M.H.S.School

2020-2021

INTERNSHIP

Mern Stack - Better Tomorrow 2025

Applied MERN Stack expertise to develop secure APIs and implement database connections for user authentication in dynamic web applications. Collaborated with in a team environment to gain practical experience with cutting-edge technologies. Additionally, optimized application performance and ensured scalability by utilizing efficient coding practice. Regularly conducted code reviews and integrated feedback to continuously improve the development process.

Tech stack: Node JS, ReactJS, Mongo DB, ExpressJS

PROJECTS

Public Complaint and grievance System:

[Deployed Link](#)

[Github](#)

Designed and deployed a full-stack lost-and-found reporting platform that allows users to report, view, and track lost/found items in real time. Integrated user authentication, admin dashboard, media uploads, and engagement features like upvotes and comments. The platform supports real-time status updates and is optimized for mobile and web responsiveness.

Technologies: React (Vite), Express.js, MongoDB Atlas, Mapbox, Render, Vercel.

Car Rental Website:

[Deployed Link](#)

[Github](#)

Built and deployed a Car Rental System with user authentication, booking management, and real-time availability tracking.

Designed a responsive UI, RESTful API, and optimized MongoDB Atlas for scalable data storage.

Technologies: React, Express.js, MongoDB Atlas Render, Vercel.
